## TESTIMONIALS

**Hank Osborne** recommends The Digger King.  
 Recently purchased a Digger King 1 with trailer. Great value, great service. Thanks to the team at Digger King for a well constructed unit and hassle free transaction. Thoroughly recommend the team at Digger King.

**Mark Gray** recommends The Digger King.  
 I bought the 1.7tonne package. Great and Easy to use machine.

**Scott Middlebrook** recommends The Digger King.  
 I bought the 1 tonne version and had it delivered. Very easy with great follow up service as well. Had no issue with the all. used most of the buckets that came with it so far and great quality. Im an electrician doing underground power properties so this machine is perfect.

## TESTIMONIALS

**Peter Humphreys** recommends The Digger King  
 I bought the 1 tonne digger and it is fantastic. It's the sort of thing that you don't realise you need until you have one! If anyone is on small acreage and into self-sufficiency, then it's likely you need one. Service was excellent too which is very important. I like that this company is Australian.

**Peter Humphreys**  
 One of the things I can now do is get a bit semi commercial on sweet potato production, the steel rake attachment is perfect for digging up the soil in preparation and also for harvesting.

The Digger King Thank you so much, truly appreciate it!  
 Comment as The Digger King

**Ron Botheras** recommends The Digger King

## TESTIMONIALS

**Phillip Willett**  
Phillip willett from awowexcavations I recently bought a small digger from digger king .the 2.3ton trailer package with extras cost \$50,500 all up it was a pleasure from start to finish matt and all the team were very helpful. I now have 50 hours on the digger and would recommend digger king to anyone who wants value for money and a really good digger 🙌🏻 diggerking thanks for a great deal

## TESTIMONIALS

Jason Howard recommends The Digger King  
May 23

Hi guys we bought the little 1.0 king end of last year, absolute beast of a mini digger, the guys at Digger King easy to deal with and happy to answer any questions you may have, we would definitely recommend a Digger King machine good tough hard working gear.

Dalewood Constructions recommends The Digger King  
July 23

We purchased a T35 package at the end of last year, and it has been a great addition to Dalewood Constructions. We like the joystick controls, which have been easy to learn, and its size means it's easy to transport and manoeuvre around site doing our shed projects in Far North Queensland.

## TESTIMONIALS

**Joseph Monks** recommends The Digger King.

Bought the 1.7 digger package with the super 'WORK' as all I can say I have a acreage property and this has made a huge difference. I have used it with all applications from clearing land to moving logs around. It has a great experience from start to where I am now. The team were super helpful and done everything they could to make me a very happy customer. The package was 100% the right way to go as the trailer is quality and can be used to transport my ride anywhere around plus its a great place to store all the bits a pieces. The after sale service has been great to all I have received a couple of calls just checking up on how things are going and if I need any help. My wife is also super happy as it has helped out with the Generators makes painting very easy. It is big enough for my property but small enough to go nearly anywhere I need. Very easy to operate and maintain is super easy and explained in the manuals plus it is very quiet. I would recommend to anyone from a trades person to property manager.

The Digger King 1 Comment

**Mark Gray** recommends The Digger King.

I bought the 1.7tonne package. Great and Easy to use machine.

The Digger King 1 Comment

**Kateyln Pash** recommends The Digger King.

My father bought an excavator 3 months ago to use for various small jobs on his farm. He currently has approx 80 hours on it and is extremely happy with the machine, as well as the sales service.

The Digger King 1 Comment

**Patricia Dorante** recommends The Digger King.

I have purchased and highly recommend the 1.7 tonne excavator from diggerking as they are really convenient for households and small acreages. The attachments are very quick to change when required on different tasks.

**TESTIMONIALS**

Scott McDougall recommends The Digger King.

Purchased two of the 2.3t Excavators June 2021. I am quite happy with the performance of the machines when digging and back fills. the machines are a great little digger. The only thing that disappoints is the track gears. They are way too slow and strain at the most in soft dirt and over rock. The track Rubber is of a good grade and will last. Will be keeping my two but thinking of upgrading the pump to fix the tracking situation.

Clint Wilson recommends The Digger King.

I recently bought the T23 Excavator Package & the 2.3T Track Loader. I am very happy with the machines. Thanks Digger King!

## TESTIMONIALS

**Christopher Bamister** recommends The Digger King. 100%  
 Got my king 2.3 package. It's a great little digger. From first enquiry till delivery it was a breeze. Matt contacted me directly and kept in contact through the whole process. Shipped all the way to tasaki. It's a great little machine very well counter balanced and plenty of digging power compared to some big name brands. Have been operating machines for around 15 years and it stacks up to the big brand names well and truly. Definitely recommend.

**Scott McDougall** recommends The Digger King. 100%  
 Purchased two of the 2.3t Excavators June 2021. I am quite happy with the performance of the machines when digging and back fills. The machines are a great little diggers. The only thing that disappoints is the track gears. They are way too slow and strain at the most in soft dirt and over rock. The track Rubber is of a good grade and will last. Will be keeping my two but thinking of upgrading the pump to fix the tracking situation.

**Mark Stephen Patterson** recommends The Digger King. 100%  
 Bought a 2.3t digger and trailer package a few weeks ago. Couldn't be happier with the product and professional service by Matt and the team. Strong, versatile machine which I can still pull with my Amtrak. Very happy and will be back for a mini loader to compliment and work along side the digger.

## TESTIMONIALS

**Scott Middlebrook** recommends **The Digger King**. 17h

I bought the 1 tonne version and had it delivered. Very easy to deal with great follow up service as well. Had no issue with the machine at all. used most of the buckets that came with it so far and they are great quality. Im an electrician doing underground power on properties so this machine is perfect.

Comment as The Digger King

Peter Griffin & The Digger King

I have had my T35 Loader and trailer package for 3 months now and couldn't be happier with the loader and sales support. Having upgraded from a toro petrol loader to the 35hp diesel is no competition... so much more power highly recommend. Regards Peter

 Purchase a Digger King 2.3 excavator a few months ago. Great machine and great to rip up the yard. I can see a new fish pond (lake) coming on. No more hand digging for me. Very surprising how well it works. Has done everything I have wanted. Made light work off digging out the retaining wall.

## TESTIMONIALS

**Peter Humphreys** recommends The Digger King.

I bought the 1 tonne digger and it is fantastic. It's the sort of thing that you don't realise you need until you have one! If anyone is on small acreage and into self-sufficiency, then it's likely you need one. Service was excellent too which is very important. I like that this company is Australian.

**The Digger King** 2 Comments

---

**Peter Humphreys**

One of the things I can now do is get a bit semi commercial on sweet potato production, the steel rake attachment is perfect for digging up the soil in preparation and also for harvesting.

Recently purchased a Digger King 1 with trailer. Great value, great service. Thanks to the team at Digger King for a well constructed unit and hassle free transaction. Thoroughly recommend the team at Digger King.

**Mark Gray** recommends The Digger King  
22h  
I brought the 1.7tonne package. Great and Easy to use machine.

**Scott Middlebrook** recommends The Digger King  
17h  
I bought the 1 tonne version and had it delivered. Very ex with great follow up service as well. Had no issue with the all, used most of the buckets that came with it so far and great quality. Im an electrician doing underground power properties so this machine is perfect.

## TESTIMONIALS

**Peter Humphreys** recommends The Digger King  
2h · 📍

I bought the 1 tonne digger and it is fantastic. It's the sort of thing that you don't realise you need until you have one! If anyone is on small acreage and into self-sufficiency, then it's likely you need one. Service was excellent too which is very important. I like that this company is Australian.

**The Digger King** 2 Comments

**Peter Humphreys**  
One of the things I can now do is get a bit semi commercial on sweet potato production, the steel rake attachment is perfect for digging up the soil in preparation and also for harvesting.

**The Digger King**  
Thank you so much, truly appreciate it!

## TESTIMONIALS

**Jason Howard** recommends The Digger King.  
May 23

Hi guys we bought the little 1.0 king end of last year, absolute beast of a mini digger, the guys at Digger King easy to deal with and happy to answer any questions you may have, we would definitely recommend a Digger King machine good tough hard working gear.

**Dalewood Constructions** recommends The Digger King.  
July 23

We purchased a T35 package at the end of last year, and it has been a great addition to Dalewood Constructions. We like the joystick controls, which have been easy to learn, and its size means it's easy to transport and manoeuvre around site doing our shed projects in Far North Queensland.

## TESTIMONIALS

**Joseph Monks** recommends The Digger King

Brought the 1.3 digger package with the super, 1200L oil can and I have a scrape property and this has made a huge difference. I have used it with all applications from clearing and to mowing, rags around, it was a great experience from start to where I am now. The team were super helpful and done everything they could to make me a very happy customer. The package was 100% the right way to go as the trailer is quiet and can be used to transport my ride on mower around plus its a great price to store all the bits a piece. The after sale service has been great so all I have received a couple of calls just checking up on how things are going and I'll need any help. My wife is also super happy as it has helped out with the gardens mowing every day.

It is big enough for my property but small enough to go nearly anywhere I need. Very easy to operate and maintenance is super easy and explained in the manuals plus it is very quiet.

I would recommend to anyone from a trades person to property maintenance.

The Digger King 1 Comment

**Mark Gray** recommends The Digger King

I brought the 1.7Tonne package. Great and Easy to use machine.

The Digger King 1 Comment

**Katelyn Patch** recommends The Digger King

My father bought an excavator 3 months ago to use for various small jobs on his farm. He currently has approx 80 hours on it and is extremely happy with the machine, as well as the sales service.

The Digger King 1 Comment

**Patricia Dorante** The Digger King

I have purchased and highly recommend the 1.7 tonne excavator from diggerking as they are really convenient for households and small acreages. The attachments are very quick to change when required on different tasks.

## TESTIMONIALS

**Christopher Bannister** recommends The Digger King.  
 Got my King 2.3 package. It's a great little digger. From first enquiry till delivery it was a breeze. Matt contacted me directly and kept in contact through the whole process. Shipped all the way to Tasmania. It's a great little machine very well counter balanced and plenty of digging power compared to some big name brands. Have been operating machines for around 15 years and it stacks up to the big brand names well and truly. Definitely recommend.

 The Digger King

**Scott McDougall** recommends The Digger King.  
 Purchased two of the 2.3t Excavators June 2021. I am quite happy with the performance of the machines when digging and back fills, the machines are a great little diggers. The only thing that disappoints is the track gears. They are way too slow and strain at the most in soft dirt and over rock. The track Rubber is of a good grade and will last. Will be keeping my foot but thinking of upgrading the pump to fix the tracking situation.

The Digger King  
 Love Comment Share

**Mark Stephen Patterson** recommends The Digger King.  
 Bought a 2.3t digger and trailer package a few weeks ago. Couldn't be happier with the product and professional service by Matt and the team. Strong, versatile machine which I can still pull with my Amarak. Very happy and will be back for a mini loader to compliment and work along side the digger.

## TESTIMONIALS

**Christopher Bamister** recommends The Digger King  
 Got my King 2.3 package. It's a great little digger. From first enquiry till delivery it was a breeze. Matt contacted me directly and kept in contact through the whole process. Shipped all the way to task. It's a great little machine very well counter balanced and plenty of digging power compared to some big name brands. Have been operating machines for around 15 years and it stacks up to the big brand names well and truly. Definitely recommend.

Start a private conversation with Christopher Bamister via Message

**Patricia Dorante** recommends The Digger King  
 I have purchased and highly recommend the 1.7 tonne excavator from diggerking as they are really convenient for houseblocks and small acreages. The attachments are very quick to change when required on different tasks.

**Mark Stephen Patterson** recommends The Digger King  
 Bought a 2.3t digger and trailer package a few weeks ago. Couldn't be happier with the product and professional service by Matt and the team. Strong, versatile machine which I can still pull with my Amarak. Very happy and will be back for a mini loader to complement and work along side the digger.

The Digger King 2 Comments

The Digger King Thanks so much Dave!

**David McInnes** recommends The Digger King

Watched the video and promotional material then very Matt told him what we needed, really better to use in backyards and playgrounds small enough to get through gates, powerful enough to dig and drill holes, fence post holes, various concrete and rocks. The gear ratio T25 recommended included and ordered and delivered in a pile of promises made and machine has delivered and already saved us thousands in hiring fees.

The Digger King 1 Comment

**Daryl Broadley** recommends The Digger King

I bought the T-25 a few months back, quick service to pick up from factory at short notice! Been using it for mulching, moving fallen tree branches, from stumps. Tracks are great for landscaping as we don't bog the standard diggers. Would highly recommend buying a T-25 or even a bigger machine depending on your own needs! Cheers to Matt and the Team!!

**Peter Griffin** recommends The Digger King  
11th Oct

What a great machine the T25 is... so much grunt with the 35hp Perkins engine. Will not disappoint!

The Digger King 1 Comment

**Bruce Putsem** recommends The Digger King  
1st Oct

I bought the T25 for light access loading. The machine is powerful and more capable than expected. It allows me to take on jobs that I did not expect to be doing. The team at digger king helped me with my choice without selling to me. The track style gives great traction and stability, and make leveling and back blade a breeze. Cost, advice and service get maximum points. Thanks to all the team and well done... Will see you soon for a 17 inch wheel!

The Digger King

**Peter Griffin** x The Digger King  
1st Oct

I have had my T25 Loader and trailer package for 3 months now and couldn't be happier with the loader and sales support. Having upgraded from a long petrol loader to the 35hp diesel is no comparison... so much more power highly recommend. Regards Peter

## TESTIMONIALS

**Dave Bradbury** recommends The Digger King

I bought a Digger King T25 loader. My basis for decision was primarily the reviews and I haven't been disappointed. The machine was very competitively priced, the instructional on line videos were really helpful and Digger King's customer service is genuinely nothing short of excellent. Matt stated right from the off that nothing was too much trouble and indeed it hasn't been. And get this, ordering to delivery was 3 days! And I live in rural central Queensland. The machine... The Digger King Thanks so much Dave!

**David McInnes** recommends The Digger King

Received the video and promotional material then very Matt told him what we needed, video loader to use in backyards and playgrounds small enough to get through gates, powerful enough to dig and haul soil, fence post holes, various concrete and rocks, 50 gear ratio. T25 recommended, ordered and delivered in a pile of promises made and machine has delivered and already saved us thousands in hiring fees.

**Daryl Broadley** recommends The Digger King

I bought the T-25 a few months back, quick service to pick up from factory at short notice!

Been using it for mulching, moving fallen tree branches, from stumps. Tracks are great for landscaping as we don't bog the standard diggers.

Would highly recommend buying a T-25 or even a bigger machine depending on your own needs!

Cheers to Matt and the Team!!

What a great machine the T30 is... so much grunt with the 35hp Perkins engine. Will not disappoint!

The Digger King 1 Comment

**Bruce Putsem** recommends The Digger King  
1st Oct

I bought the T25 for light access loading. The machine is powerful and more capable than expected. It allows me to take on jobs that I didn't expect to be doing. The team at digger king helped me with my choice without selling to me. The track style gives great traction and stability, and make leveling and back blade a breeze. Cost, advice and service get maximum points. Thanks to all the team and well done. Will see you soon for a 17 inch wheel!

The Digger King

**Peter Griffin** x The Digger King  
1st Oct

I have had my T35 Loader and trailer package for 3 months now and couldn't be happier with the loader and sales support. Having upgraded from a long petrol loader to the 35hp diesel is no comparison... so much more power highly recommend. Regards Peter

**Peter Griffin** • The Digger King  
 I have had my T35 Loader and trailer package for 3 months now and couldn't be happier with the loader and sales support. Having upgraded from a toro petrol loader to the 35hp diesel is no comparison... so much more power. Highly recommend. Regards Peter

**Mark Gray** recommends The Digger King.  
 22h • I brought the 1.7tonne package. Great and Easy to use machine.

## TESTIMONIALS

Clint Wilson recommends The Digger King.

I recently bought the T23 Excavator Package & the 2.3T Track Loader. I am very happy with the machines. Thanks Digger King!

Joseph Monks recommends The Digger King.

Brought the 1.7 digger package with the auger. WOW is all I can say. I have a acreage property and this has made a huge difference. I have used it with all applications from cleaning land to moving logs around. It was a great experience from start to where I am now. The team were super helpful and done everything they could to make me a very happy customer. The package was 100% the right way to go as the trailer is quality and can be used to transport my ride on mower around plus its a great place to store all the bits a pieces. The after sale service has been great to as I have received a couple of calls just checking up on how things are going and if I need any help. My wife is also super happy as it has helped out with the Gardens makes planting very easy. It is big enough for my property but small enough to go nearly anywhere I need. Very easy to operate and maintenance is super easy and explained in the manuals plus it is very quiet. I would recommend to anyone from a trades person to propity malntance.

**TESTIMONIALS**

**Dave Bradbury** recommends The Digger King.

I bought a Digger King T25 loader. My basis for decision was primarily the reviews and I haven't been disappointed. The machine was very competitively priced, the instructional on line videos were really helpful and Digger King's customer service is genuinely nothing short of excellent. Matt stated right from the off that nothing was too much trouble and indeed it hasn't been. And get this; ordering to delivery was 3 days! And I live in rural central Queensland. The machine I... **Daryl Broadley** recommends The Digger King.

I bought the T-25 a few months back, quick service to pick up from factory at short notice!  
Been using it for mulching, moving fallen tree branches, from storms. Tracks are great for landscaping as we don't bog like the standard diggers.  
Would highly recommend buying a T-25 or even a bigger machine depending on your own needs!  
Cheers to Matt and the Team !!

## TESTIMONIALS

Scott McDougall recommends The Digger King. 2d

Purchased two of the 2.3t Excavators June 2021. I am quite happy with the performance of the machines when digging and back fills. the machines are a great little digger. The only thing that disappoints is the track gears. They are way too slow and strain at the most in soft dirt and over rock. The track Rubber is of a good grade and will last. Will be keeping my two but thinking of upgrading the pump to fix the tracking situation.

Brad Thompson recommends The Digger King. August 27 at 9:06 AM

I bought the 1.7 tonn package and am very impressed with it. It works perfectly for my plumbing business

**TESTIMONIALS**

**Dave Bradbury** recommends The Digger King.

I bought a Digger King T25 loader. My basis for decision was primarily the reviews and I haven't been disappointed. The machine was very competitively priced, the instructional on line videos were really helpful and Digger King's customer service is genuinely nothing short of excellent. Matt stated right from the off that nothing was too much trouble and indeed it hasn't been. And get this, ordering to delivery was 3 days! And I live in rural central Queensland. The machine is... see more

The Digger King Thanks so much Dave!

**Peter Griffin** recommends The Digger King.

I have had my T35 Loader and trailer package for 3 months now and couldn't be happier with the loader and sales support. Having upgraded from a low petrol loader to the 33hp diesel, a no comparison... so much more power. Highly recommend. Regards Peter

The Digger King

**Daryl Broadley** recommends The Digger King.

I bought the T-25 a few months back, quick service to pick up from factory at short notice! Been using it for mulching, moving fallen tree branches, from storms. Tracks are great for landscaping as we don't bog like the standard diggers. Would highly recommend buying a T-25 or even a bigger machine depending on your own needs! Cheers to Matt and the Team!!

Watched the videos and promotional material then rang Matt told him what we needed, mini loader to use in backyards and playgrounds small enough to get through gates, powerful enough to rip and level sites, fence post holes, remove concrete and rocks, lift green waste. T25 recommended invoiced and ordered and delivered in side of promises made and machine has delivered and already saved us thousands in hiring fees.

I have purchased and highly recommend the 1.7 tonne excavator from diggerking as they are really convenient for households and small acreages. The attachments are very quick to change when required on different tasks.

 March 17 · 📍  
 My 1.3 tonne mini excavator has smashed through my landscaping project saving me so much time and money. The machine has had no issues except when I bent the bulldozer blade extension however this was no issues as the service team could have a replacement sent to me in no time at all. Gives me peace of mind knowing that any issues that could arise can be dealt with in a swift and cost effective manner! 🙌

# WARRANTY AND GUARANTEE

## Digger King Triple Warranty and Guarantee

### **GUARANTEE 1**

We will supply parts and labour for the first 365 days, meaning if in the unlikely event your machine breaks down during the first 365 days you have it, we will supply the parts and labour to get your machine operational again. This might mean taking your machine to a local repair centre, or us organising another method. You are fully supported and backed up with our 365 parts and labour guarantee. We will work with you to get you sorted asap.

### **GUARANTEE 2**

3 years parts warranty from the date of purchase. If you have any issue with your machine outside of normal wear and tear items such as tracks, washers, batteries, fan belts etc we will supply all parts to you so you can quickly and easily replace and keep the machine operational.

### **GUARANTEE 3**

No hassles after sales service. If, in the unlikely event you have a problem with your machine, we are only a phone call away. 99.9% of the time we will respond and resolve same day, even on weekends; we know your machines is important to you.

# **FREQUENTLY ASKED QUESTIONS**

---

- Q1 WHAT TYPE OF VEHICLE DO YOU NEED TO TOW A DIGGER PACKAGE?**
- Q2 WHAT IS THE WIDTH OF YOUR DIGGERS, I HAVE TIGHT ACCESS?**
- Q3 WHAT IS THE TOTAL WEIGHT OF THE DIGGER ON THE TRAILER?**
- Q4 WHAT ENGINE IS IN THE DIGGER KING DIGGERS?**
- Q5 WHAT ACCESSORIES COME WITH DIGGER KING DIGGERS?**
- Q6 WHAT ABOUT SPARE PARTS FOR DIGGER KING DIGGERS?**
- Q7 WHAT WARRANTY COMES WITH MY DIGGER KING DIGGER?**
- Q8 DO YOU HAVE RUBBER OR STEEL TRACKS ON THE DIGGER KING DIGGERS?**
- Q9 DO I HAVE TO BUY THE DIGGER WITH THE TRAILER OR CAN I BUY THE DIGGER ONLY?**
- Q10 DO DIGGER KING DIGGERS HAVE A QUICK HITCH?**

## Question 1

**WHAT TYPE OF VEHICLE DO YOU NEED TO TOW A DIGGER PACKAGE?**

### Answer

Generally, a large ute or **4WD**, some larger two wheel drives. These are essentially vehicles that look like a **4WD** but are only **2WD**. Our trailer packages weigh from 1.8-3.44 ton depending on the model.

**WATCH THE FULL VIDEO HERE**  
[WWW.DIGGERKING.COM.AU/  
 FREQUENTLY-ASKED-QUESTIONS](http://WWW.DIGGERKING.COM.AU/FREQUENTLY-ASKED-QUESTIONS)

## Question 2

**WHAT IS THE WIDTH OF YOUR DIGGERS, I HAVE TIGHT ACCESS?**

### Answer

Digger King Diggers are designed to get into **smaller places** to make it easy for you.

MODEL	TOTAL WIDTH
DIGGER KING 1.0	896MM
DIGGER KING 1.1 SM	780MM
DIGGER KING 1.3	930MM
DIGGER KING 1.7	1130MM
DIGGER KING 2.3	990MM
DIGGER KING 2.6	1300MM

**WATCH THE FULL VIDEO HERE**  
[WWW.DIGGERKING.COM.AU/  
 FREQUENTLY-ASKED-QUESTIONS](http://WWW.DIGGERKING.COM.AU/FREQUENTLY-ASKED-QUESTIONS)

## Question 3

---

**WHAT IS THE TOTAL WEIGHT OF THE DIGGER ON THE TRAILER?**

### Answer

---

3. The 1 ton package is approx. 1.8 ton, 1.7 ton package weighs approx. 2.5 ton, 2.3 ton package weighs approx. 3.2 ton, and the 2.6 ton package weighs approx. 3.44 ton. All trailers come with electric brakes to assist you when towing.

**WATCH THE FULL VIDEO HERE**  
**[WWW.DIGGERKING.COM.AU/  
FREQUENTLY-ASKED-QUESTIONS](http://WWW.DIGGERKING.COM.AU/FREQUENTLY-ASKED-QUESTIONS)**

## Question 4

---

**WHAT ENGINE IS IN THE DIGGER KING DIGGERS?**

### Answer

---

4. Another common question we get asked is what brand engines are in the diggers. The 1 ton has a **Koop** engine, 1.7, 2.3 and 2.6 all have **Kubota** engines. Our loaders have either **Kubota, Yanmar, Perkins or Honda engines.**

**WATCH THE FULL VIDEO HERE**  
**[WWW.DIGGERKING.COM.AU/  
FREQUENTLY-ASKED-QUESTIONS](http://WWW.DIGGERKING.COM.AU/FREQUENTLY-ASKED-QUESTIONS)**

## Question 5

**WHAT ACCESSORIES COME WITH DIGGER KING DIGGERS?**

### Answer

5. Each package comes as standard with **buckets, ripper, grab, claw**. You can add an auger and other optional extras to your package, the full list can be found on our website under Excavator Attachments.

**WATCH THE FULL VIDEO HERE**  
[WWW.DIGGERKING.COM.AU/  
 FREQUENTLY-ASKED-QUESTIONS](http://WWW.DIGGERKING.COM.AU/FREQUENTLY-ASKED-QUESTIONS)

## Question 6

**WHAT ABOUT SPARE PARTS FOR DIGGER KING DIGGERS?**

### Answer

6. Our machines are very reliable and come with a **12 months** parts and labour, **36 month** parts warranty. In the unlikely event you needed a spare part for your machine, we carry everything in stock, simply call our team with your invoice number and they will be happy to assist.

**WATCH THE FULL VIDEO HERE**  
[WWW.DIGGERKING.COM.AU/  
 FREQUENTLY-ASKED-QUESTIONS](http://WWW.DIGGERKING.COM.AU/FREQUENTLY-ASKED-QUESTIONS)

## **Question 7**

---

**WHAT WARRANTY COMES WITH MY DIGGER KING DIGGER?**

### **Answer**

---

All our machines come with a **12-month** parts and labour, **36-month** parts warranty. We carry all parts in stock, and in the unlikely event there is an issue with your digger, you simply need to give us a call and our team will be happy to assist you.

**WATCH THE FULL VIDEO HERE**  
**[WWW.DIGGERKING.COM.AU/  
FREQUENTLY-ASKED-QUESTIONS](http://WWW.DIGGERKING.COM.AU/FREQUENTLY-ASKED-QUESTIONS)**

## **Question 8**

---

**DO YOU HAVE RUBBER OR STEEL TRACKS ON THE DIGGER KING DIGGERS?**

### **Answer**

---

All our machines come with **thick rubber tracks** as opposed to steel, as the rubber does a lot less damage. For example, you can drive over asphalt with rubber, but would likely damage the asphalt if driven over with steel.

**WATCH THE FULL VIDEO HERE**  
**[WWW.DIGGERKING.COM.AU/  
FREQUENTLY-ASKED-QUESTIONS](http://WWW.DIGGERKING.COM.AU/FREQUENTLY-ASKED-QUESTIONS)**

## Question 9

---

**DO I HAVE TO BUY THE DIGGER WITH THE TRAILER OR CAN I BUY THE DIGGER ONLY?**

### Answer

---

**Yes**, you can buy the digger only or you can buy the package. It's completely up to you. Some people already have a trailer but some people see it as no-brainer, to buy the trailer package as well.

**WATCH THE FULL VIDEO HERE**  
**[WWW.DIGGERKING.COM.AU/  
FREQUENTLY-ASKED-QUESTIONS](http://WWW.DIGGERKING.COM.AU/FREQUENTLY-ASKED-QUESTIONS)**

## Question 10

---

**DO DIGGER KING DIGGERS HAVE A QUICK HITCH?**

### Answer

---

**Yes**, they do have a quick hitch. There are different types of quick hitches. There are hydraulic ones, and for a mini-digger like this, they are quite expensive to get on and really pushes the price up. Or you can just have one that has got a simple bolt.

very happy with our recent purchase from digger king! we've had the t35 for 5 months now and hasn't let us down! we got the added extra of a trencher and also delivery to Northern Victoria, which made it hassle free delivered to our door! can't fault the machine! has made our life so much easier. we've done trenching, drive ways and shed pads! I've been working along side a plumber & putting in sprinklers.

April 18 · 🌐

Super happy with our new Digger King T15 Mini Loader. The purchase process was easy and we were kept in the loop at all times. Once we were confident with the controls, it saved a lot of back ache cleaning the stables. Small enough to get in tight spaces but strong enough to do the job. Great little machine

Great company to deal with. Everything was quick and simple and the machine is brilliant! It arrived quicker than expected and drop straight to my factory. Price was on point, looking forward to getting another machine when we expand.
